
Choosing your image

For printing onto gifts for Xmas or anytime

Lesson plan by Jane - 29 September 2016

An exciting way to show off your drawing and painting skills for a gift that is uniquely yours.

Which paintings should you consider for this? A few helpful tips will lead you on to be bold and creative

1. Think about the shape of the objects you want to have printed onto, Holly the dog on the right started out as a **square** greetings card which was fine for the coaster and for the candle tin. Any size painting would work for this but the focus is Holly
2. You will have the choice of having your centre of interest placed onto the object **or** the whole painting. To see what a section would look like do the following:
3. Get a small mount frame (a piece of cardboard with a square or rectangle cut out)
4. Look through the mount and see a section you like, make a note

Bring along your chosen artwork together with the order form and the rest will be taken care of.

You will be emailed your professionally photographed painting.

A GROUP ORDER WILL BE DONE ON THURSDAY 27
